DANIEL KINDLER

Student 5+ year programmer interested in the business of software

New York | Pittsburgh

EXPERIENCE

Engineering Intern, Research & Development   May 2016 - Present
Kiswe

Tasked with creating and implementing the clip viewing experience on Kiswe's iOS app. Worked extensively with design team to create user friendly experiences.

Founder   Apr 2015 - Present
Dialog

Created Dialog, a service that grants businesses the ability to receive text-messages, as well as charge customers over SMS using the Stripe API.

Junior Software Developer   May 2014 - Aug 2014
Dom & Tom

Member of the iOS Development Team where I assisted in the development of apps such as Seventeen Magazine.

EDUCATION

University of Pittsburgh   Aug 2014 - Apr 2017
Computer Science (Business Concentration)
Economics Minor
GPA: 3.0

AWARDS

Smart Tag App Hackathon Powered by AT&T   Nov 2014
AT&T

Created an app that connected to SoundCloud and allowed people at an event to collectively decide what song should be played via a simple voting system.

LEADERSHIP

Academic Chair   Dec 2015 - Apr 2016
Sigma Chi Fraternity, Beta Theta Chapter

Created academic and career opportunities for the chapter by implementing programs that incentivized brothers to better their academic standing.

SKILLS

iOS Development   Ruby
Objective-C / Swift   Algorithms
Java   Entrepreneurship
