DANIEL KINDLER

Student 5+ year programmer interested in the business of software

New York | Pittsburgh

EXPERIENCE

Engineering Intern, Research & Development
Kiswe
May 2016 - Present

Tasked with creating and implementing the clip viewing experience on Kiswe's iOS app. Worked extensively with design team to create user friendly experiences.

Founder
Dialog
Apr 2015 - Present

Created Dialog, a service that grants businesses the ability to receive text-messages, as well as charge customers over SMS using the Stripe API.

Junior Software Developer
Dom & Tom
May 2014 - Aug 2014

Member of the iOS Development Team where I assisted in the development of apps such as Seventeen Magazine.

Software Engineering Intern
Qallect
Dec 2013 - Apr 2014

Assisted the project manager in the development of the Qallect iOS application. Qallect was an iPhone app that was designed to help friends make better collective decisions.

EDUCATION

University of Pittsburgh
Computer Science (Business Concentration)
Economics Minor
2014 - Present
GPA: 3.0

AWARDS

Smart Tag App Hackathon Powered by AT&T
AT&T
Nov 2014

Created an app that connected to SoundCloud and allowed people at an event to collectively decide what song should be played via a simple voting system.

LEADERSHIP

Academic Chair
Sigma Chi Fraternity, Beta Theta Chapter
Dec 2015 - Apr 2016

Created academic and career opportunities for the chapter by implementing programs that incentivized brothers to better their academic standing.

SKILLS

iOS Development	Ruby
Objective-C / Swift	Algorithms
Java	Entrepreneurship
