University of Connecticut	2013 - 2014
B.S Computer Science	

WORK

Co-Founder / Product Manager — April 2015 - Current
Dialog, talkdialog.com

Created Dialog, a service that grants businesses the ability receive text-messages, as well as charge their customers over SMS.

Junior Software Developer — Summer 2014
Dom & Tom Inc., Mobile Department

Member of the iOS Development Team
Assisted in the development apps such as Seventeen Magazine
Interacted closely with clients to ensure needs and expectations met

Software Engineering Intern — 2013 - 2014
Qallect LLC

Assisted the project manager in the development of the Qallect iOS application. Qallect was an iPhone app that was designed to help friends make better collective decisions.

State President — 2012 - 2013
New Jersey DECA

DECA is a high school business organization that teaches students about marketing, finance, hospitality and entrepreneurship. While a high school senior I presided over the 7,000 members of the club, organizing conferences and leadership events

AWARDS

Smart Tag App Hackathon Powered by AT&T and IBM — November 2014
Best Student Mobile App

Created an iOS application that acted as a "communal DJ". Rather than having a single DJ choose the music at any given event, our app allows the common crowd to collectively decide what music is to be played via a simple up/down voting system. Songs with more votes climb the queue list while songs with a negative score don't play

DECA International Career Development Conference — 2012
Top-20 International Entrepreneurship Paper

Created an eleven page business proposal, as well as a detailed presentation, on a web-hosting company which placed first at New Jersey's DECA States conferences, as well as top-twenty internationally
